## Sergio M. Quiroz

*Assistant General Manager, Imperial Irrigation District*

Sergio M. Quiroz serves as assistant general manager for the Imperial Irrigation District. He assists in planning and directing water and power operations, coordinates the effective use of equipment, facilities, finances and works with legal counsel to address key issues that may affect the district.

His position is critical to improving the pace and flow of business operations within the organization at a time of accelerated change. He also oversees the district's organizational and staffing plan. Areas that directly report to him include: Human Resources, General Services, Information Technology, Project Management and Real Estate.

He is a seasoned bilingual executive with 22 years of leadership experience. He has an extensive background in operations, finance, logistics and project management having served as general manager for Creation Technologies manufacturing businesses units in Calexico, Calif. and Mexicali, Mexico, where he was responsible for profitability and operations leadership.

Mr. Quiroz has earned bachelor's and master's degrees in business administration.
