WHEREAS, federal legislation (Public Law 97-293 Reclamation Reform Act of 1982 Section 210 (a), (b) and (c), Reclamation Manual Directives and Standards, and Regulations 43-CFR-427), IID is required to prepare a federal Water Conservation Plan every five years, and

WHEREAS, The 2016 Water Conservation Plan documents the district's history, physical setting, and past water conservation measures with specific detailed data from 2010-2014. The plan also identifies anticipated conservation efforts for the 2015-2020 period, and

WHEREAS, state legislation (CWC Division 6, Parts 2.1, 2.55, 2.8, and 2.9) generally requires agricultural water suppliers serving more than 25,000 acres to prepare an agricultural water management plan, and

WHEREAS, IID is not required to submit a water management plan to the California Department of Water Resources due to an exemption authorized by the Water Conservation Act of 2009 (SB X7-7) for water district that are parties to the Quantification Settlement Agreement, and

WHEREAS, IID's next water conservation plan update is required in 2021.

NOW, THEREFORE, BE IT RESOLVED, that the IID Board of Directors hereby authorizes the Water Department manager to submit IID's 2016 Water Conservation Plan to the United States Bureau of Reclamation.

PASSED AND ADOPTED this 25th day of September 2018.
