

IMPERIAL IRRIGATION DISTRICT  
Imperial, California

SCHEDULE SL-3  
STREET AND HIGHWAY LIGHTING SERVICE  
(Customer-Owned Facilities; Maintenance by District)

APPLICABILITY

Applicable to service of street and highway lighting installations where the customer owns the equipment and the District furnishes energy at one or more central points and maintains the equipment in accordance with Special Conditions set forth herein.

MONTHLY RATE

<u>Lamp Rating</u>	<u>kWh Per Month</u>	<u>Rate Per Lamp</u>
HIGH-PRESSURE SODIUM VAPOR:		
50 W 4,000 Lumens	25	\$5.62
70 W 5,000 Lumens	35	6.28
100 W 8,000 Lumens	47	7.65
150 W 15,000 Lumens	65	9.67
250 W 25,000 Lumens	100	13.61
400 W 45,000 Lumens	160	20.45
LIGHT-EMITTING DIODE (LED):		
31 W 3,400 Lumens	5	\$5.32
39 W 4,000 Lumens	19	5.77
58 W 6,000 Lumens	33	7.08
98 W 10,000 Lumens	50	7.36
149 W 15,000 Lumens	98	13.70

Energy Cost Adjustment:

The kilowatt-hours, as determined above, are subject to an energy cost adjustment as provided in Schedule ECA and ECA-R.

SPECIAL CONDITIONS

- A. Service shall generally be from dusk to dawn and will be considered as 4,190 hours per year or 349 hours per month
- B. All plans and specifications for the installation of, and the construction of, lighting systems, shall be subject to approval of the District, and the District shall have the right to inspect and test the installations before accepting for service. Where service is furnished from overhead lines, the District may, at its option, install the

IMPERIAL IRRIGATION DISTRICT  
Imperial, California

overhead interconnecting circuits between poles.

- C. For an underground service installation, the customer will be required to furnish and install the necessary underground wiring, ducts for circuits, pullboxes, conduits, substructures including foundations and anchor bolts, excavating, backfilling and restoration of the pavement in accordance with the District's specifications. Any installations over the above standard provisions may be installed by agreement between the parties provided the customer pays all incurred costs.
- D. The District will furnish normal maintenance, which shall include renewal of lamps (after original installation), cleaning glassware, replacement of damaged glassware, maintenance of overhead conductors, and minor repairs to wiring on or within the posts. Maintenance shall not include any repairs or replacement of underground circuits, posts, post parts, wiring ducts for service, pullboxes, conduits, substructures including foundations and anchor bolts, excavating, backfilling and restoration of pavement, vandalized glassware or lamps, when such damage is a result of partial or total demolition of a post, or when caused by vandalism, riots, fires, explosions, earthquakes, or acts of God.
- E. LED fixtures will only be installed at new locations, or where existing fixtures must be replaced due to failure, and at locations where suitable service is available as determined by Imperial Irrigation District. High-pressure sodium vapor street light fixtures will be changed to LED fixtures if the above conditions are met. Fixture replacements will be made by attrition only and when it does not interfere with other work. Cost for replacement of lights to LED fixtures requested by the customer before it is needed, shall be the responsibility of the customer. The customer shall be responsible to apply for replacement with the District business office.
- F. The customer shall maintain the integrity of the posts, post parts and be responsible for all inspection and repairs. The customer shall defend, indemnify and hold the District harmless for any injuries, damage or other loss created by the lack of integrity of any post, post part, glassware and lamp. For example, the customer shall be solely liable for damages, injuries, or other losses caused by rusted posts, or vehicle accidents. However, this list is not exhaustive.
- G. Vegetation management is the responsibility of the customer for installation of new lights or for maintaining existing lights.
- H. Service will not be furnished under this schedule where, in the opinion of the District, an undue hazard or expense will be involved because of locations, mounting height, or other reason.

Imperial, California

- I. Outages will be reported by the customer. Repairs will be done during regular working hours as soon as reasonably possible after the customer has notified the District. Monthly bills will not be adjusted for reasons of any outages. Billing will be adjusted to accommodate any fixture size changes.
  
- J. Regulations Governing the Sale of Electric Energy: Service under this rate schedule is subject to the District's Regulations Governing the Sale of Electric Energy.
